Wine List 2026

Wine Supply for Yachts
From everyday essentials to exceptional bottles

Our 2026 Wine List

Fine Wine Works supplies wines to yachts and villas across the Mediterranean and beyond. We offer both trusted favourites and exceptional bottles sourced through our network of producers, merchants and specialist suppliers, built through years of experience in wine and yacht provisioning.

Our approach is simple: we source the wines you want, not just what's in stock.

From seasonal provisioning to preparing for charter and sorting last-minute requests, or when you're in need of something specific, we take care of building a selection tailored to your guests, menus and style of service.

We prioritise drinkability, selecting vintages that are ready to enjoy now and suited to onboard conditions, without the need for long-term cellaring — a level of care not always seen in yacht wine provisioning, but FWW believes that thoughtful selection matters more than simply offering the latest release.

Here's to a successful 2026 season — we look forward to supporting you onboard !

Cheers,
